Looking for a kitten to purr for me  
Pouring her love all over me  
But I found my love cracking her whip  
Hooked on me and another trip

It was you  
Yeah, it was you  
It was you

2 a.m now I'm wide awake  
Gonna be a trip I should never take  
I knew the rules, now I gotta pay  
Cause I found love in a dirty way

It was you  
Yeah, it was you  
It was you

I knew the rules, now I gotta pay  
Cause I found love in a dirty way

It was you  
Yeah, it was you  
It was you
