Maybe one day we can go
Hand in hand down a golden road
And if I get there before you go
I'll be waiting at your door
In the future hopefully
We'll be together you and me
Don't you worry baby please, because honestly...

Chorus:
If I could rewind
Both the hands of time
Still I would never find
A lovelier design
Than you

Nothing's lovelier than you
Nothing's lovelier than you
Nothing's lovelier than you
Nothing's lovelier than you

Maybe one day girl I pray
We could float off to space
Hold my hand, I'll lead the way
I won't let go or fall astray
Ain't no ifs, buts and maybes
Your my baby, my lady
Don't you worry baby please, because honestly...

Chorus:
If I could rewind
Both the hands of time
Still I would never find
A lovelier design
Than you

I'm dangerously, dangerously, dangerously in love
I love her more than I love myself but still that ain't
enough
If this a dream I don't wanna wake up
We go together like the tub and the shower head above
Not even thousands and thousands of miles
Could amount to my love, I'd have countless Sky Miles

I'd climb up a mountain, climb right back down
I'd run across the world, then jog back around
A noun and a verb is just a sound
And a word is not profound
Enough to show my urge for her smile
I'd shout on a curb
With a loudspeaker
Till the entire town heard how I felt
And I'm out

Nothing's lovelier than you
Nothing's lovelier than you
Nothing's lovelier than you

Maybe one day we can go
Hand in hand down a golden road
And if I get there before you go
I'll be waiting at the door
In the future hopefully
We'll be together you and me
Don't you worry baby please, because honestly...

Chorus:
If I could rewind
Both the hands of time
Still I would never find
A lovelier design
Than you
