[Intro:]

Terry Urban. The Commissioner. One two.

[Verse 1:]

Well I'm a wiz with my verbiage and speech  
The only thing that I give is the words on this beats  
And it's easy to see that I encourage the streets  
So uh, a leader is what I must certainly be  
Eastside  
I'm in the game permanently  
They say they calm but they really lookin' worried at me  
Man I'm a be up in this bitch till they bury the B  
The O the B and all the periods in between  
Man I do this shit here for the city I'm from  
And I'm 'bout to change what y'all consider the slums  
Plus by thus far I'm as real as they come  
So if you wanna stop me best pick up a gun  
Bust something

[Chorus:]

Well all that I've have got to give  
Is these words I say  
And when the timin' is right  
I promise you, you'll understand one day  
How how how how how how how how  
Ohhh one day  
How how how how how how how how  
One me, one day  
So all that I have got to give  
Is these words I say  
And when the timin' is right  
I promise you, you'll understand one day  
How how how how how how how how  
Ohhh one day  
How how how how how how how how  
One day

[Verse 2:]

Haha, pleeeeeease don't hate  
You know I'm nice  
Comin' through your screen like I'm Poltergeist  
The flow is somethin' like snow in October right?

So when I hold the mic bitch, I'm Dolomite  
Huh, but y'all doin' nothin'  
Me? I'm up in the sky, I'm abductin'  
Y'all Earthlings with my super duper button  
I got a space ray, fuck what y'all bustin'  
But man, I'm really just advanced  
I'm not a human, I got antennas that are hands  
And I got government transmitters in my head  
So I'm paranoid I got bullets in my bed  
Right next to the fullies, so I'm fully gettin' dressed  
In the mornin' with girlfriend, busy cookin' breakfast

[Chorus:]

Well all that I've have got to give  
Is these words I say  
And when the timin' is right  
I promise you, you'll understand one day  
How how how how how how how how  
Ohhh one day  
How how how how how how how how  
One me, one day  
So all that I have got to give  
Is these words I say  
And when the timin' is right  
I promise you, you'll understand one day  
How how how how how how how how  
Ohhh one day  
How how how how how how how how  
One day
