And it feels like something's taking over  
But it feels right now I'm finally getting closer  
Looking at the ceiling fan spinning round  
Yeah all I really wanna do is sit around  
Thoughts in my head got me tripping out  
I got the feeling now so I guess I'll just  
Roll one up  
Roll one up  
Roll one up  
So I guess I'll just  
Roll one up  
Roll one up  
Roll one up  
Roll one up  
It feels like a super rush  
Adrenaline shots through the blood  
When the time is right, I dooze it up  
BUT any time my phone ring  
I'm not surprised cuz it usually does  
First class, jewellery plush  
I touch down to defuse it up  
Then I hit the stage, head to the bus  
I'm not alone there's a crew of us  
We party hard, we take shots  
I had a few but I threw them up  
Vegas nights, jacuzzi tub  
Someone fire that hookah up  
Looking at the ceiling fan spinning round  
Yeah all I really wanna do is sit around  
Thoughts in my head got me tripping out  
I got the feeling now so I guess I'll just  
Roll one up  
Roll one up  
Roll one up  
So I guess I'll just  
Roll one up  
Roll one up  
Roll one up  
Roll one up  
So I guess I'll just  
Roll one up  
Roll one up

Roll one up  
So I guess I'll just  
Roll one up  
Roll one up  
Roll one up  
Roll one up  
Look we're born into the world  
Living our lives out  
Making enough bread to barely support our lifestyle  
That's crazy ain't it  
Uncle Sam sure is shady ain't he  
They say it ain't all black and white  
But they ain't one shade of gray to paint it  
Its complicated  
But hey I can't complain, cuz it could always be worse  
And I must have some nerve  
Then again I swear I'm never nervous  
And you know we all make mistakes  
I just make mine look good on purpose  
Meanwhile I'm getting blazed  
Laughing at anti-drug commercials  
That's the sound, no bullshit allowed  
Hovering above the world  
I pray my feet never touch the ground  
Ya I'm in my element fading in and out  
And please believe if I ever show any signs of coming  
down  
Then I'm gone  
Roll one up  
Roll one up  
Roll one up  
So I guess I'll just  
Roll one up  
Roll one up  
Roll one up  
So I guess I'll just  
Roll one up  
Roll one up  
Roll one up  
So I guess I'll just  
Roll one up  
Roll one up  
And it feels like something's taking over  
But it feels right now I'm finally getting closer  
Looking at the ceiling fan spinning round  
Yeah all I really wanna do is sit around  
Thoughts in my head got me tripping out  
I got the feeling now so I guess I'll just  
Roll one up  
Roll one up  
Roll one up

So I guess I'll just  
Roll one up  
Roll one up  
Roll one up  
So I guess I'll just  
Roll one up  
Roll one up  
Roll one up  
So I guess I'll just  
Roll one up  
Roll one up  
Roll one up
