Girl I need to tell ya something  
Something I'd like to do  
I'm telling you that time is money  
You know I'd spend it all on you  
On you, on you  
You know I'd spend it all on you  
On you, on you  
You know I'd spend it all on you  
All on you, spending it all on you  
Like it's the end of the world, as if it were God coming  
That tall money, taller than Paul Bunion  
Fuck my dashboard's leather, you still with that clove  
homie  
I don't like shallow women cuz I like to prone  
Plummet and dive, get lost in it  
Leave her with a dog, tell me  
Uh, on gin and tonic, we chillin, we all bluntin  
Now hop up on my dick, fuck I feel I blonk something  
That I'm spinnin' it, spinnin' it  
Stop pinches and benefits  
Never go broke, no not even close  
Swag up on infinity  
If you feelin it, get with it bitch  
I doin that thing so diligent  
I'll go dumb on that pussy, make that clitoris go  
illiterate  
How inconsiderate  
Girl I need to tell ya something (I need to tell ya  
something)  
Something I'd like to do (I'd like to do with ya)  
I'm telling you that time is money (getting money)  
You know I'd spend it all on you  
On you, on you  
All on you, spendin it all on you  
20's, 50's and 100's, I'm spendin' it all on you  
You know I'd spend it all on you  
It's all on you, spendin it on you  
On you, on you  
If time is money, I'm spendin it all on you  
You know I'd spend it all on you  
Bobby Ray, get more stone than the cemetery

Middle finger to the haters and my adversaries  
To these basic niggas I am not to be compared with  
Committed to the game, money is the sex and this here  
marriage  
But necessarily, I spend it for therapy  
You ain't ballin, you just affordin, you doin it barely  
And I don't need shades to help me see this clearly  
But girl you got me caught up all in you apparently  
Spending it, thumb through the check, I'm littering  
They hate to see us when we ballin  
So when we stunt, we do it deliberately  
Now I'm feeling it, feeling it, holding it fine like a statue  
of liberty  
We left the spot with so many bags they had to restock  
the facility  
Man, that's ridiculous  
Girl I need to tell ya something  
Something I'd like to do  
I'm telling you that time is money  
You know I'd spend it all on you  
On you, on you  
All on you, spendin it all on you  
20's, 50's and 100's, I'm spendin' it all on you  
You know I'd spend it all on you  
It's all on you, spendin it on you  
On you, on you  
If time is money, I'm spendin it all on you  
You know I'd spend it all on you  
Girl you got me like  
You got me like caught up in all kind of ways  
Make a nigga wanna just like  
Make a nigga do something foolish like  
Just go to the mall and just  
Just go to the mall and leave with them all  
Whoop oh, we don't need shopping bags  
We just go into the mall and we gon leave with the mall  
Huh, ain't that a fool?  
Girl I need to tell ya something (I need to tell ya  
something)  
Something I'd like to do (I'd like to do with ya)  
I'm telling you that time is money (big money)  
You know I'd spend it all on you  
On you, on you  
All on you, spendin it all on you  
20's, 50's and 100's, I'm spendin' it all on you  
You know I'd spend it all on you  
It's all on you, spendin it on you  
On you, on you  
If time is money, I'm spendin it all on you  
You know I'd spend it all on you
