Honey, just allow me one more chance
To get along with you
Honey, just allow me one more chance
Ah'll do anything with you
Well, I'm a-walkin' down the road
With my head in my hand
I'm lookin' for a woman
Needs a worried man
Just-a one kind favor I ask you
Allow me just-a one more chance.

Honey, just allow me one more chance
To ride your aeroplane
Honey, just allow me one more chance
To ride your passenger train
Well, I've been lookin' all over

For a gal like you
I can't find nobody
So you'll have to do
Just-a kind a favor I ask you
Allow me just-a one more chance.

Honey, just allow me one more chance
To get along with you
Honey, just allow me one more chance
Ah'll do anything with you
Well, lookin' for a woman
That ain't got no man
Is just lookin' for a needle
That is lost in the sand
Just-a one kind favor I ask you
Allow me just-a one more chance.
