"Never Say Goodbye"

Twilight on the frozen lake
And north wind about to break
On footprints in the snow
The silence down below

You're beautiful beyond words
You're beautiful to me
And you could make me cry
Never say goodbye

Because my dreams are made of iron and steel
With a big bouquet
Of roses hanging down
From the Heavens to the ground

The crashing waves roll over me
As I stand upon the sand
And wait for you to come
And grab hold of my hand

Oh, baby, baby, baby blue
And you'll change your last name, too
You've turned your hair to brown
Love to see it hangin' down
