Look who's back in town
Ain't nobody but Sally Sue Brown
All the boys better run for cover
If you don't a-wanna be
A heart broken lover

See her in that very tight skirt
Got what it takes
Just to make you hurt
Don't you see by those big bright eyes
Prefer to treat her nasty
And low down lies

{Chorus}:
Makes no difference where she's been
I'm goin' south
And doin' them things again
Bake in a hot tub down the line
I'd rather see you ruin

This a-heart of mine

I'll go see them come down my way
Like a fool you're gonna hear me say
I'll lay at your bed Sally Sue Brown
Please let me love you baby
Don't put me down

{Chorus}

I'll go see them come down my way
Like a fool you're gonna hear me say
I'll lay at your bed Sally Sue Brown
Please let me love you baby
Don't put me down
