Well, I'm hanging on to a solid rock
Made before the foundation of the world
And I won't let go and I can't let go
Won't let go and I can't let go
Won't let go and I can't let go no more

For me, He was chastised, for me, He was hated
For me, He was rejected by a world that He created
Nations are angry, cursed are some
People are expecting a false peace to come

Well, I'm hanging on to a solid rock
Made before the foundation of the world
And I won't let go and I can't let go
Won't let go and I can't let go
Won't let go and I can't let go no more

It's the ways of the flesh to war against the spirit
24 hours a day, you can feel it and you can hear it
Using every angle under the sun
And He never give up 'til the battle's lost or won
Well, I'm hanging on to a solid rock
Made before the foundation of the world
I won't let go and I can't let go
I won't let go and I can't let go
Won't let go and I can't let go no more

Won't let go and I can't let go
I won't let go and I can't let go
I won't let go and I can't let go
I won't let go and I can't let go

Won't let go and I can't let go
Won't let go and I can't let go
Won't let go and I can't let go
Won't let go and I can't let go

Won't let go and I can't let go
Won't let go and I can't let go
Won't let go and I can't let go
Won't let go and I can't let go

Won't let go and I can't let go
Won't let go and I can't let go
Won't let go and I can't let go
