I think we better talk this over  
Maybe when we both get sober  
You'll understand I'm only a man  
Doin' the best that I can

This situation can only get rougher  
Why should we needlessly suffer?  
Let's call it a day, go our own different ways  
Before we decay

We don't have to be afraid  
Of looking into my face  
We've done nothing to each other  
Time will not erase

I feel displaced, I got a low-down feeling  
You been two-faced, you been double-dealing  
I took a chance, got caught in the trance  
Of a downhill dance

Oh child why you wanna hurt me?  
I'm exiled, you can't convert me  
I'm lost in the haze of your delicate ways  
With both eyes glazed

You don't have to yearn for love  
You don't have to be alone  
Somewhere in this universe  
There's a place that you can call home

I guess I'll be leaving tomorrow  
If I have to beg, steal or borrow  
It'd be great to cross paths in a day and a half  
Look at each other and laugh

But I don't think it's liable to happen  
Like the sound of the one hand clappin'  
The vows that we kept are now broken and swept  
'Neath the bed where we slept

Don't think of me and fantasize  
On what we've never had

Be grateful for what we've shared together  
And be glad

Why should we go on watching  
Each other through your telescope?  
Eventually we'll hang ourselves  
On all this tangled rope

Oh babe time for a new transition  
I wish I, I was a magician  
I would wave a wand and tie back the bond  
That we've both gone beyond
