If I can just make it down to Memphis all my troubles
would go away
If I can get down to Memphis maybe I'll be OK
They got a city that's just waiting to let me open up and
breath
If I can get down to Memphis where they've got a place
for me

Cause that's where people go you know when they got
nothing left to
Lose yeah
That's where you end up down there when you've got
nothing better to
Do
If I could just make it down to Memphis maybe I could
pull through
Lord
If I can just make it down to Memphis maybe I could pull
through

Well Elvis ah Elvis never meant a fucking thing to me
If I can get down to Memphis I'll be the king
They got a river runs right through there well maybe I'll
just take a
Swim
If I can get down to Memphis and start all over again

Maybe I could pull through
Maybe I could pull through
Maybe I could change
Maybe I could (change)

You don't love me (I hate everything*) I can't stop
drinking I'm almost
50 years old But If I could make it down to Memphis
well God who
Knows
And so there's babies in Africa with their bellies all
swolled up
Well doesn't it make you ashamed of all of us

Well Memphis is where you go you know when you got

nothing left to
Lose yeah That's where you end up down there when
you've got nothing
Better to do
If I could just make it down to Memphis maybe I could
pull through
Lord
If I could just make it down to Memphis maybe I could
pull through
