words: Jim Rhodes music: Steven Rhodes

Gave up on my dreams

Lost my only love

Threw away my chances

To take the next step up

Chorus:

Cause I waited for tomorrow

And tomorrow never comes

No, tomorrow never comes

She turned and walked away

Took all my final hopes

While I stood right there

And watched her go

Chorus:

What does it mean

Feels like I'm losin a dream

But I know

Chorus:

My place in life is empty

Only pain has it's place

Watch the world go spinning

As I cryout into space

Chorus x 3
