words and music: Justin Moore

Your eyes, your smile,

When I'm with you, it drives me wild

Your voice, sound so sweet

You call my name, it makes me weak

Pre-Chorus:

But I'm scared, I won't stay strong

Oh I'm scared, you won't stay long

Chorus:

Baby, you're my heart, you're my soul

And I gotta let you know (I said)

Baby, when I'm with you, I feel alright

And I try to make it show

Your feel, your touch

All I want is just your love

I can't hold back, I can't restrain

I wanna hold you again

Prechorus: Chorus:

Prechorus: Chorus:

I want you closer

Girl I need you closer

Oh my hearts on fire

And the flame won't go out

I want your body

Up against my body

Wanna hold you close

Until the end of my life
