words and music: Justin Moore

Everyday I come by to see your shining face

If you knew how I feel inside you'd have to be amazed

For just one chance to be with you I'd give my world my  
away

But for the lack of courage and the lack of hope all I  
can do is say

Chorus:

Ohhhhhhh

I just sit back here in silence

All the while my heart is dyin'

Ohhhhhhh

I'll never take a chance with her

For Better or For Worse

I try to hide my feeling and hope that you don't see

That being around you with the feelings I have is just  
killing me

I wish I could tell you how I feel, but I'm afraid of what  
you'll say

So instead I keep my heart inside me, I can't make  
dumb mistakes

Chorus

My time to share my heart with her is quickly running  
short

And when our eyes meet I tell myself I can wait no more

But I just can't tell her how I feel for the fear of getting  
hurt

She doesn't feel the same for me, and I know it will  
never work

Repeat 1st verse

Chorus (2x)
