[Verse 1]

Neighbors heard the noises, me I heard the voices  
He was all up in ha, pockets full of trojan  
Probably a gold digga, threw his shovel down in ha  
Didn't stop mining til he struck gold  
20 minutes ago there wasn't red on the floor  
Knock knock, who's there, murder atchur door  
Murder who? Murder me? Murder me and you  
Everyone told you to watch it guess you threw your  
clock it  
Suppose to look both ways before crossing the street  
This guy was the avenue you closed your eyes indeed  
Let him in your home what the fuck were you thinking  
A tie and suit doesn't mean a man's the truth

[Chorus]

No one heard me cry  
Who committed the crime, who dare touch what's mine  
Hear my fears inside  
Who broke in and wiped the innocence off her eyes

[Verse 2]

Your body was the truth and this man had you lying  
Tears down your lips had your pussy crying  
Peak a boo this ghost had you peaking  
The gallon of terror now began leaking  
It was leaking to my crib yea I had to dip  
Running up the stairs making sure that I don't trip  
Throwing myself at the door that shit don't wanna open  
Climbed the fire escape, shattered glasses windows  
broken

[Chorus]

No one heard me cry  
Who committed the crime, who dare touch what's mine  
Hear my fears inside  
Who broke in and wiped the innocence off her eyes

[Verse 3]

Lost in your home where do I begin  
Reckless everywhere trail of blood had no end  
Blood on the sofa, where we had our first kiss  
Blood in the kitchen, where I cooked ha favorite dish  
Found you in that bedroom, theirs a Niqqah dead too  
His heart was in his culo, yea he was dead ass

I look at you and cry all you hadda do was listen  
Half hour earlier you still couldve been living  
The times we had those dates were bad  
Baby your so beautiful  
Always in charge, your battery was durable  
I touch you one last time as I say good bye  
(Why? Why? Why why! I fucking loved you)  
I look at where I stand, blood on my pants  
Cuts and bruises, gun in my hand  
I look in the mirror, reflection of the killa  
I guess I'm goinga hell bitch I'll see you later!  
[Chorus]  
No one heard me cry  
I committed the crime, no one touch what's mine  
Hear my fears inside  
You were only innocent in my eyes
