Teaser

She is just a teaser
Why I fell for her
Is something I don't know

Please her
How I tried to please her
But she only led me on
And let me go

Lose her
No, I didn't lose her
Cause I never really had her
From the start

Choose her
I was a fool to choose her
Yes, I must admit
I wasn't very smart

She's just a tease
That's all that she'll ever be
Steal your heart then depart
I know, take a lesson from me

She'll be sorry
(Yes, I know that)
Someday, she'll be sorry
(And I know that)
She will find someone
Whose love she will prefer

Starry
Her eyes will be starry
When that someone will not
Fall in love with her

She's just a tease
That's all that she'll ever be
Steal your heart then depart
I know, take a lesson from me

Don't be deceived
By the love that might be
In her eyes

Teaser (yes, I know that she's a)
Teaser (I can see that she's a)
Teaser (yes, I know that she's a)
