this was just another dance
before I looked in your eyes
I couldnt think until I felt the soft touch of her hand
and from within in me my poor heart began to (rise?)

Don't let her go
my heart say
your not old enough to know
she's the one close to me
One in a million under the sun
Though you don't even know her name
you wanna dance over again, over again over again.

Cause this was just another date,
so I step up without a single word
im not a girl im just a fancy (mate or maze?)
And all of that click
when I saw her pretty face

Don't let her go. my heart say
your not old enough to know
she's the one close to me

One in a million under the sun
Though you don't even know her name
you wanna dance over again, over again
dancing

Don't let her go
my heart say
your not old enough to know
shes the one
close to me
one in a million under the sun
though you don't even know her name
you wanna dance over again over again

cause this was just another dance oh ya
cause this was just another dance oh ya
cause this was just another dance oh ya
cause this was just another dance
