"COMMA COMMA"

Comma, comma, come back here,
My-y young lady;
Comma, comma, come back here to me,
My-y young lady, yeah!
Jus' while I thought
Everything was running smooth,
She left me
While I was in the mood.
Now I'm callin' to you,
But my world is relying for you to:

Comma, comma, come back here,
My-y young lady, yeah!
Comma, comma, come back here to me,
My-y young lady!
Jus' while I thought
Everything was running smooth.
You know I love you;
Oh now I love you. /fadeout/
