The stone that the builder refuse  
Will always be the head cornerstone-a-  
The stone that the builder refuse  
Will always be the head cornerstone.  
You're a builder, baby-  
Here I am, a stone.  
Don't you pick and refuse me,  
'Cause the things people refuse  
Are the things they should choose.  
Do you 'ear me? Hear what I say!  
Stone that the builder refuse  
Will always be the head cornerstone-a-  
The stone that the builder refuse, yeah! -  
Will always be the head cornerstone.  
You're a builder, baby-  
Wo, here I am, a stone!  
Don't you pick and refuse me,  
'Cause the things people refuse  
Are the things they should use-  
The things people refuse  
Are the things they should use.  
Do you 'ear me? Hear what I say!  
Stone dat them builder refuse  
Will always be the head cornerstone-a-  
The stone that dem builder refuse  
Will always be the head cornerstone
