[Bob Marley]

Whoa, now!

Screwface know-a who fi frighten!
Screwface know-a who fi frighten!
Like I told, they say, "Coward, man".
Gonna keep some bones
And all violent man gonna weep and moan.
He that exalted him say, "Yeah!"
Shall be obeyed.

Remember Jah - Jah children deh!
Don't dread no pain.
Fear do we go now
To the rivers of ungodly waters, we'll fear no foe
(fear no foe, fear no foe).
Wherever I go,
Not even the pestilence
That crawl at I'n'I
Can't do - wo-wo-wo - me no wrong (just can't do me no
wrong).
Oh, now!
I tell you what red is!
I tell you what I know:
(Screwface know-a who fi frighten!)
Screwface know-a who fi frighten!
Screwface know-a who fi frighten! Wo, now!
(Screwface know-a who fi frighten!) Screwface will
frighten
screwface!
(Screwface know-a who fi frighten!) Long time gone,
y'all!
(Screwface know-a who fi frighten!) Screwface will
frighten
screwface!
Wo, yeah! Now!
(Screwface know-a who fi frighten!)

/Instrumental ending/ /fadeout/
