Tread along
Tread along

You're like a stick in macaroni in bed

Tread along
Tread along

You're like a stick of macaroni
You're just showing off yourself
And i knew you when you were just a bottle on a shelf

Then i asked you to try me
And you turned out to be just made of worries

Tread along

You're like a stick of macaroni

Tread along
Tread along

You're like a stick of macaroni in bed

Blackbird say he know

So that your macaroni will get steady soon

Tread along

You're like a stick of macaroni in bed
