[Parody of "Last Kiss" by Pearl Jam]

Oh where oh where can my Playboys be?  
My mom took em away from me  
I gotta find out where she hid all my books  
So I can read my Playboys when she leaves for work  
Well I came home about a quarter to ten  
Was down at Tommy's hanging out with my friends  
I turned my key, I walked into the house  
My Mom and Dad were sitting down on the couch  
When I saw what Mom had, my face turned red  
She said we found these underneath your bed  
I couldn't talk, my knees got weak  
My Mom found out that I'm a porno freak  
And just when I thought things got as bad as they could  
She said she's confiscating them for my own good  
Oh where oh where can my Playboys be?  
My mom took em away from me

I gotta figure out where she hid my books  
So I can read my Playboys when she leaves for work  
Well now it's late, I'm lying in my bed  
Miss October's dancing through my head  
Suddenly, my Dad turned on the light  
Said "follow me" and tiptoed down out of sight  
We went to the shed, I looked inside and said  
"Holy cow, he found my porno pile!"  
He winked his eye and then he went back up to bed  
I turned around, went back into the shed  
Well now it's over, but you know I thank the stars  
She didn't find the tape inside my VCR  
But now I've got my pornography  
My Dad gave it all back to me  
He's such a cool dude he gave back all my books  
Now I can read my Playboys when Mom leaves for work
