Are you ready Bob  
yes  
what about you lofty  
i'm a bit scared  
ok team lets go

1,2,3,4,5 everybody's outside so come on lets ride  
to the builders yard around the corner  
the gangs all here and its time for us to do what we  
wanna  
there's a house with a roof that leaks  
its an urgent job that could take weeks  
theres dizzy, lofty and roley too  
and wendy always knows just what to do  
and theres no job too big or small  
with scoop and muck we can do it all  
metal brick or wood its all good  
and we can always send in the tractor

A little bit of timber and a saw  
a little bit of fixing thats for sure  
a little bit of digging up the roads  
a little bit of moving heavy loads  
a little bit of tiling on the roof  
a little bit of making waterproof  
a little bit of concrete mixed with sand  
a little bit of Bob the builder man

(instrumental)

Jump up and down and move it all around  
mix it up to the sound  
dig a hole in the ground  
take one step left

and one step right  
one to the front  
and one to the side  
clap your hands once and clap your hands twice  
and if it looks like this then your doing it right

A little bit of timber and a saw

a little bit of fixing thats for sure  
a little bit of digging up the roads  
a little bit of moving heavy loads  
a little bit of tiling on the roof  
a little bit of making waterproof  
a little bit of concrete mixed with sand  
a little bit of Bob the builder man

Mambo number 6,7 8

Mambo Number 5!

A little bit of timber and a saw  
a little bit of fixing thats for sure  
a little bit of digging up the roads  
a little bit of moving heavy loads  
a little bit of tiling on the roof  
a little bit of making waterproof  
a little bit of concrete mixed with sand  
a little bit of Bob the builder man

there's roley, lofty, scoop, muck and dizzy  
so much work to keep us all busy  
and can we fix it, yes we can  
with the team and bob the builder man
