Don't forget I still love you
Every day we're apart
Someone else will be kissing you
But you'll still be in my heart

Don't forget I still love you
When her arms hold you tight
Just remember that I still care
Though I'm not with you tonight

When I told you I loved you
I promised I'd be true
And I'll keep that promise
My whole life through

I could never forget you
And how our love used to be
Goodbye, my darling, and don't forget
You can always come back to me

When I told you I loved you
I promised I'd be true
And I'll keep that promise
My whole life through

I could never forget you
And how our love used to be
Goodbye, my darling, and don't forget
You can always come back to me
(Come back to me)
