Chains of love  
Tied my heart to you  
Chains of love  
Made me feel so blue

Now I'm your prisoner  
And tell me  
What are you going to do

Well, if you're gonna leave me  
Please won't you set me free  
And, oh, if you're gonna leave me  
Please set me free

You know I can't stay here  
With these chains, oh, unless  
You stay on here with me

Well, it's three o'clock  
In the morning, baby  
Lord, and the moon  
Is shining bright

And, oh, it's three o'clock  
In the morning, baby  
And let me tell you  
The moon is shining bright

And, oh, I was just  
Sitting here wondering  
Lord, where can you be tonight  
Lord, yeah

Chains of love
