Well, somebody
Yeah, somebody
Please somebody before I go insane,
oh, somebody, please lent me a helping hand

I got money and I got a place to stay
I got money and I got a place to stay
But everybody needs a friend both night and day
Well, I walk, talk, but all by myself
I'm so afraid, it's gonna worry me to death
Well, somebody, yeah, please somebody, oh baby,
please somebody, would you lent a helping hand
Yeah, someone
Well alright

Well, I walk, talk, but all by myself
Well, I walk, talk, but all by myself
I'm so afraid,
it's gonna worry me to death
Yeah, somebody
Yeah, somebody
Please somebody
Oh, somebody,
would you lent a helping hand
