Well-uh, where would you be, if you'd kept on walking,  
oh, where would you be, if I'd stopped talking  
If I hadn't said those words, and if you hadn't heard,  
when I said, "I'm sorry, please forgive me"  
Would you be happy, would you be crying, Lord, or  
would you be sad  
Where would you be, I say right now Lord, if I hadn't  
called her back

Well-uh, where would you be, if you'd kept on walking,  
where would you be, if I's stopped talking  
I only know I need you so  
I wonder why do you want to go, after I've said, "I'm  
sorry, please, please forgive me"  
I want to know, I want to know, would you be crying ,  
Lord, or would you be sad  
Where would you be, I say right now Lord, if I hadn't  
called her back
