Got a handful of dreams (yeah that's all he left me)
And I always believe now (life is not how it seems)
All that glitters for me is gold
Always another story to be told
Uh oh uh oh just let it go

Hey baby won't you take a ride with me
To the other side
I got a feeling you might be right for me
You make me feel alive
I need someone very
Extraordinary
In this ordinary life
Uh oh uh oh just let It go

Got my sights set on you (don't you keep me waiting)
And I believe that it's true now (come on make your
move)
Destiny makes up her own mind (destiny is calling to
you)
So I leave my history behind
Uh oh uh oh just let it go

Hey baby won't you take a ride with me
To the other side
I got a feeling you might be right for me
You make me feel alive
I need someone very
Extraordinary
In this ordinary life
Uh oh uh oh just let It go

Hey baby won't you take a ride with me
