Heartless, heartless
Heartless

Your love is too cold to handle
And I should have realized
When I try to talk it over
You always close your eyes

How can I ever love you
When you won't let me through to you

'Cause you're heartless
How could you be so heartless
I can't believe anybody could be
So heartless

You never show your feelings
Just look the other way
When I try to show affection
You always walk away

How long must you keep me waiting
Maybe you'll never change
'Cause you're heartless
How could you be so heartless
I can't believe anybody could be
So heartless

I can't believe anybody could be
I can't believe anybody could be
So heartless

How can I ever love you
When you won't let me through to you

'Cause you're heartless
How could you be so heartless
I can't believe anybody could be
So heartless

'Cause you're heartless
How could you be so heartless

I can't believe anybody could be
So heartless

'Cause you're heartless
How could you be so heartless
I can't believe anybody could be
So heartless
