Yeah Yeah Yeah Yeah (x3)
Yeah Yeah Yeah
Yeah
Yeah
Yeah Yeah Yeah Yeah

Under a golden sun
I can see open sky
Gone are the clouds turned to rain
Feel like I'm starting again

You are the one I need
You are the air I breathe
Come on get close to me
Come on, take everything

(chorus x2)
I wanna live in the sun
I wanna swim in the sea
I want you right here with me
Yeah, yeah, yeah, yeah

Follow the call of your heart
You can do anything
Being here makes it alright
Love in the air tonight

(chorus x2)

(chorus x2)

Yeah Yeah Yeah Yeah (x3)
Yeah Yeah Yeah
Yeah
Yeah
Yeah Yeah Yeah Yeah
