Sweet temptation
Can you understand
It's such a good vibration
All over the land

(bridge 1)
And you can't believe it's true
When i give my love to you
We can all be free

(chorus)
This is the love generation
Love generation
Love generation
Take a look around
This is the love generation
Love generation
Love generation
Love can still be found

Across the nation
Everyone's getting down
To the new sensation
That's going around

(bridge 2)
It's all that you ever need
Happiness garanted
We can all be free

(chorus x 2)

(bridge 1)

(chorus ad lib)
