Travelling down that open road
The sun beats down on me
Mountains reach up to the sky
It's where I want to be
It's just an ordinary day
Going my own way
Nothing around obscures my view
And then I saw you
I saw you standing there
Middle of nowhere
I saw you standing there
Middle of nowhere
I saw you standing there
Middle of nowhere
I saw you standing there
I know it's a place for me
You said that you were going my way
But could you hit your ride
You took one look and had to smile
How could I pass you by
The way your hair falls on you face
Ooh, you make my heart race
But I was only passing through
Untill I saw you
I saw you standing there
Middle of nowhere
I saw you standing there
Middle of nowhere
I saw you standing there
Middle of nowhere
I saw you standing there
I know it's a place for me
I saw you standing there
I know it's a place for me
I saw you standing there
I know it's a place for me
I saw you standing there
Middle of nowhere
I saw you standing there
Middle of nowhere
I saw you standing there
Middle of nowhere

I saw you standing there
I know it's a place for me
I know it's a place for me
I know it's a place for me
