Hey boy
it's a matter of fact

I've got what you want
so don't hold back.
Hey boy
so come and get it
let's have some fun

I wanna show you you're the only one.
He said: you're too keen
I said: I know what you mean.
Deep down
down inside
it's a matter of fact.

Baby
I'm waiting anticipating
yes
it's more than physical.
I can't disguise it
I'm so excited
hey boy.

Hey
hey boy
I've been watching you

Come on and show me what you can do.
Hey
hey boy
you've got what I want
stop wasting time

You're sending shivers up and down my spine.
Hey boy

you said: what you're doing to me?
I said: you wait and see.
Deep down
down inside
it's a matter of fact.

Baby
I'm waiting anticipating

yes
it's more than physical. . . .
Baby
I'm waiting anticipating

yes
it's more than physical. . . .
Deep down
deep down
deep down
deep down.

Deep down
down inside
it's a matter of fact.
Baby
I'm waiting anticipating

yes
it's more than physical. . . .
Baby
I'm waiting anticipating

yes
it's more than physical. . . .
Baby
I'm waiting anticipating

yes
it's more than physical. . . .
