Got myself a one way ticket

Got a heart, that needs some fixing

And I can see the runway lights from here

Touchdown New York City

Skyline looking pretty and

I can feel something in the air

Cause when Im with you

I breathe again, Im free again

I've been waiting

Counting the days yeah

Just to back to you

Breath again, Im free again

Now or never

Maybe forever

When Im with you

Loving you, leaves me breathless

You, do what, nobody else does

And I fall, deeper into you

So high, to get on top

Your mind never stops yeah

Cause your love is taking over me

Chorus

Got myself in one way ticket

Got a heart that needs some fixing

And I can see the runway lights from here
