Set yourself free  
Set yourself free, free  
Set yourself free  
Set yourself free, free

To love somebody  
To love somebody  
To love somebody

When you can't face another day  
Don't you ever stop and wonder  
Why it's all work and there's no play  
Why do you let them drag you under

(bridge)  
Do you wanna hear how it should be  
Face the world don't hide behind it  
You've only got yourself to please  
Happiness is where you find it

(chorus)  
Until you set yourself free  
You'll never hold on to your dreams  
Until you get your release  
You'll never know what it means  
To love somebody  
You'll never know what it means  
So you had a sleepless night  
Been so long you can't remember  
Since you had a real good time  
You can't go on like this forever

(chorus)

To love somebody  
You'll never know what it means  
To love somebody

(bridge)

(chorus)

To love somebody  
You'll never know what it means

(chorus)
