"Get Away"

Visit "[Get Away](#)" on MotoLyrics.com

I've got to get away, I've got to get away
I've got to get away, I've got to get away
I've got to get away, I've got to get away
I've got to get away, I've got to get away

I've got to get away, I've got to get away
I've got to get away, I've got to get away
I've got to get away, I've got to get away
I've got to get away, I've got to get away

I need a piece of mind, I'm stressed out today
It's about that time to make that get away
Dealin' with the people I deal with everyday
Got to find a place I can hide away

So I can be away from the madness
Far from the noise and the darkness
It's not too late, there's got to be a way
For me to escape all this nonsense

I've got to get away, I've got to get away
I've got to get away, I've got to get away
I've got to get away, I've got to get away
I've got to get away, I've got to get away

They try to run my life but that's the way I live
Do what I wanna do 'cause it's my prerogative
People always trippin' about the things I say
But I'm livin' for the future and I'm doing things my way

So why does the world just keep on doggin' me?
I have to leave it all behind
'Cause there's gotta be a way
For me to escape all this nonsense

I've got to get away, I've got to get away
I've got to get away, I've got to get away
I've got to get away, I've got to get away
I've got to get away, I've got to get away

Yo, check the groove, b's kickin' a flow real smooth
E double ss with some ccess is a nessecity to move

So hit it where ya fit in and let the rhythm snatch ya
Throw a good rhyme so watch what's coming at ya
As I release another brown batch of jams that slam and
You can't touch so scram, I know you cram to
understand
Who I am, damn

By the way, can I please get this dance?
Let's not freelance 'cause I'm just gettin' started
Believe me, that was nothin' but a brown party that's
goin' on
And got it going on, Bob and Ted's rated number one
so flow on
And if you're in the house, pump your fist
And say, oh, come on, say oh, oh, Ted bring me on
back
Bring me on back, dance, there it is, ooh

I've got to get away, I've got to get away
I've got to get away, I've got to get away
I've got to get away, I've got to get away
