You are so special to me
It's got me going crazy
You don't know how I feel about you
It makes me do the things that I do, girl

That's the way I feel
(That's the way, I feel)
It makes me feel so good inside
Makes me feel so real
(Makes me feel so real)
And that's the way love is

It can make you laugh
(Make ya laugh)
It can make you cry
(Make ya cry)
Feels so good inside
That's the way love is

It can make you change
(Make ya change)
There's no one to blame
(No one to blame)
Makes ya go insane
Check this out)
That's the way love is

You gave me love, you gave me joy
You were there through the thick and thin
Now I don't know what I'll do without you
You've been there for me and I'll be there for you

That's the way I feel
(That's the way, I feel)
It makes me feel so good inside
Makes me feel so real
(Makes me feel so real)
'Cause that's the way love is

It can make you laugh
(Make ya laugh)
It can make you cry

(Make ya cry)
Feels so good inside
'Cause that's the way love is

It can make you change
(Make ya change)
There's no one to blame
(No one to blame)
Makes ya go insane
'Cause that's the way love is

It can make you laugh
(It can make ya laugh)
It can make you cry
(Make ya cry)
Feels so good inside
(Feel so good inside)
That's the way love is

It can make you change
(Make ya change)
There's no one to blame
(No one to blame)
Makes ya go insane
That's the way love is

Hey, yo, check this out

That's the way it is
Baby, I'm a perfect match to attach
That's the way you work it
One hand washing the other
And you're not watching another man
And he's not watching some other woman

No need to let the tough times leave a frown
Erase your blue face now, baby, you're with the Brown
He's here to take care of you like your doctor
Don't sweat nothing Bob she got ya
That's the way love is

It can make you laugh
(It can make ya laugh)
It can make you cry
(Make ya cry)
Feels so good inside
(Feels so good inside)
That's the way love is

It can make you change
(Make ya change)

There's no one to blame
(No one to blame)
Makes ya go insane
That's the way love is

It can make you laugh
(It can make ya laugh)
It can make you cry
(Make ya cry)
Feels so good inside
(Feels so good inside)
That's the way love is

It can make you change
(Make ya change)
There's no one to blame
(No one to blame)
Makes ya go insane
That's the way love is
(Kick it)

That's the way love is
That's the way love is
That's the way love is
That's the way love is

That's the way love is
That's the way love is
That's the way love is
That's the way love is

It can make you laugh
(Oh, baby)
It can make you cry
(I need ya, baby)
Feels so good inside
(It can make ya go insane)
That's the way love is

It can make you change
(Yeah, baby)
There's no one to blame
(Yeah, baby)
Makes ya go insane
(Kick, kick it, kick, kick it)
That's the way love is

That's the way
That's the way
That's the way
That's the way love is

That's the way
That's the way
That's the way love is
