With The Counts

Well, I was dancing with my baby
To the Tenne, Tennessee Waltz
When an old friend I happened
I happened to see

I introduced her to my baby
And while, and while
They were dancing
My friend stole my baby from me

Well, I remember
Remember that night
And that Tennessee Waltz
Well, you know just how much
How much I've lost

Well, I lost my, lost my baby
The night, the night
That they were playing
The beautiful Tennessee Waltz

Well, I remember
Remember that night
And that Tennessee Waltz
Well, you know just how much
Just how much I've lost

Well, I lost, I lost my baby
The night, the night
That they were playing
The beautiful Tennessee Waltz

Tennessee Waltz
Tennessee Waltz
