"Light The Fire"

Visit "[Light The Fire](#)" on MotoLyrics.com

Tell me how to light a fire
How to make a brand new start
Tell me how to feel desire
How to mend a broken heart

I have been so sad and so lonely
I didn't know which way to go
You showed me the seven wonders
When my life was dark and cold

Make me smile and send me a rainbow
Love and emotion all night long
You and I, the same old story
All my prayers can't be wrong

Tell me how to light a fire
How to make a brand new start
Tell me how to feel desire
How to mend a broken heart

All those tears I spent for a stranger
All broken dreams were meant for you
Now I know the time is over
And I feel our love is true
