I can't see past this blindfold over my eyes and I
see no reason to remove my disguise cause I
am so afraid of what the people may think if they,
they really see what lies deep inside of me,

but you tell me that you love me
and you tell me that you know me yeah
and you tell me that you see me and you like what you
see

I'm about to show them who I really am,
I got you so I don't care if they stare,
I'm ready to let go of this masquerade,
it stops today,
and if they don't like it,
they can look away.

It seems like everybody keeps watching me to see
if I really live on what I say I believe,
what they don't see is that I'm burning inside cause I,
I'll never let them see the things that I hide,

but you tell me that you love me and you tell me that it
isn't me,

and you tell me that you see me and you like what you
see,

I'm about to show them who I really am,
I got you so I don't care if they stare,
I'm ready to let go of this masquerade,
it stops today
and if they don't like it,
they can look away

But you tell me that you love me,
and you tell me you believe in me,
and you tell me that you see me and you like what you
see,
do you like what you see,

I'm about to show them who I really am,

I got you so I don't care if they stare,
I'm ready to let go of this masquerade,
it stops today,
and if they don't like it,
and if they don't like it,
and if they don't like it,
they can look away
