You how long I've waited
I waited for so long
It needs a place I'm going
That's my home
Princie, how do you do?
They all greeted too
Others have done so too
That's my home

(bridge)

It matters a difference
If it's a one-room set
Any time that I get back
I still like it like that

And we got blues that match the sky
And love hurts like a fly
Until the day I die
That's my home

(bridge)

And friends say, "How do you do?"
We all greeted too
Others have done so too
That's my home
That's my home
That's my home
