By the way you look at me  
I truly do believe  
Something is worrying  
Your troubled mind

There is something on your mind  
By the way you look at me  
There is something on your mind, baby  
By the way you look at me  
Whoa, yeah

Can what you're thinking  
Bring our happiness  
Or will it bring misery

No, no, no, no, no, no  
Please don't try to tell me  
I think I understand

No, no, don't try  
To tell me, pretty baby  
I tell you, I think  
I understand, whoa, yeah

You want me to try and forget you  
Well, I'll do the best I can

You know it's so hard  
To be in love with someone  
It's so hard to be in love with  
Someone that don't love you

And it carries a  
Heavy burden on your heart  
To know that the someone they love  
Is your very best friend

I tell you, when somebody else  
Is rocking your cradle  
Better than you can  
Rock your cradle yourself  
There's only one thing left

In this world for you to do

Pack your clothes, turn around  
Walk slowly out the door  
Look over your left shoulder  
Hang your head and say

If you ever think about me  
If I ever cross your mind  
Girl, girl  
If you ever think about me  
Pretty baby  
If I ever cross your mind

Whoa, yeah, well, you know  
You know I'm yours  
I know, I know your mine

After you can't stand it no more  
You go on downtown to the pawn shop  
And get yourself a pistol

And then you make it  
Back up on the scene  
Where your loved one and your  
Best friend are now together

You go right in and bust  
Down the door and shoot him  
You can't shoot her  
Because you know if you shoot her  
All of your love and your long  
Lifetime will be gone forever

And just as you make it up  
In your mind to forgive her  
Here come another one of  
Your best friends through the door

This really makes you blow your top  
And you go right ahead and go in person  
To your heart and shoot her

And realizing what you've done  
You say, baby, please forgive me  
I'm sorry

And with her last dying breath  
She looks up at you and say  
Do do do do, whoa, oh...
