VERSE 1

For a minute it was looking like I'd end up one of those
guys
(Spending my whole life)
Looking for a special lady to save me, baby I'll never be
satisfied
Had a couple bad looks and a couple dimes (but I'm
looking for you)
Why you so hard to find?
I thought I took one step, I took two back
I'm not even close this time and that's a fact
All I know is that we'd be the perfect match, so where
you at love
I just gotta find you yeah
I wanna know, I wanna know, your name
Your name, your name, why you gotta be anonymous
I gotta know, I gotta know, your name
Your name, your name, why you gotta be anonymous
Baby I want you so much, wanna hold wanna feel your
touch
Come fast girl I'm in a rush, why you gotta be
anonymous
I wanna know, I gotta know, your name
Your name, your name, why you gotta be anonymous
What's your name - anonymous (uh huh)
Where you at - anonymous (uh huh)
Think about you I get a rush, when imma meet my miss
anonymous

VERSE 2

If imma see you when I close my eyes we on borrowed
time
(wanna delay the sunlight)
Everything I tried to tell you, I failed to,
Maybe I'll tell you another time
How you keepin' me so preoccupied yeah
(Gotta strong hold on me) pay me no nevermind, no
I thought I took one step, I took two back
I'm not even close this time and that's a fact
All I know is that we'd be the perfect match, so where
