You're the kind of woman that treats her man right
Never stepped out on me, always kept my thing tight
When I was broke down and didn't have a dollar to my
name
Girl, you stayed down with me and helped me see my
dreams

Stop for a second, and just listen - I'm sorry
I'm down on my knees, she didn't mean nothin' to me
Don't give me the ring back
Don't give me the car back
You can take all that
I didn't mean to hurt you

Girl, I apologize for all of my lies
I don't wanna make you cry
I was wrong, you were right
It hurts me deep inside when I look into your eyes
Don't wanna make you cry
I was wrong, you were right

Before you walk out the door, can we make love one
last time
I'ma give it to you real good (so it can stay on your
mind)
There's no excuse, I mean no excuse
Baby, give me one more chance
No one can do it like you can
I wish, I wish I didn't have that dream
I took you out with me
What was I thinking?

Don't give me the ring back
Don't give me the car back
You can take all that
Baby, I was wrong

Girl, I apologize for all of my lies
I don't wanna make you cry
I was wrong, you were right
It hurts me deep inside when I look into your eyes

Don't wanna make you cry
I was wrong, you were right

Just give me a chance, a chance
Baby, believe in me
I'll make it all better, better
Just give me time to see
Baby, breathe
Baby, breathe - take a deep breath
Just stay down with me, baby, don't give up
Stay down with me

I apologize for all of my lies
Don't wanna make you cry
I was wrong, you were right
It hurts me deep inside when I look into your eyes
Don't wanna make you cry
I was wrong, you were right

Stay down, just stay down (x6)

Who gonna love me?
No one there
Know that I need ya
