noooo noooo noooooooooo

(so fresh and good, just wanna lay back with you and
ah, just kicking it now, this is how is going)

[Verse 1:]

She's the type of girl that when you meet you'll do right
And she will only come around once in your life
Something like your mama, she'll never bring no
drama, she don't do nothing to mess that up.
Feels like a king everytime you with her
She shines like a diamond I hope it fit her, I think I love
her
So I sing this song for you, keep doing what ya do

[Chorus:]

It just a feeling that you get when you try something
new out
Feeling that you get when ya buying your first house
Dont know if its wrong, dont know if its right, everytime
I'm with you I feel brand new

Buying a fresh pair of shoes when they come out
Finding a special somewhere that you dream about
Dont know if its wrong, dont know if it right, everytime
I'm with you I feel brand new

[Verse 2:]

Two wife beaters, one white one red
Coming out her mama house with roller in her head
Still a cutie though, I'll never let her go
She's worth the wait, I know
My heart, has never felt this way, she's the one, what
else can I say?
I love you, and seem soft for you, only you

[Chorus: x2]

It just a feeling that you get when you try something
new out
Feeling that you get when ya buying your first house
(buying you first house)
Dont know if its wrong (wrong), dont know if its right,
everytime I'm with you I feel brand new

Buying a fresh pair of shoes when they come out
Finding a special somewhere that you dream about
Dont know if its wrong, dont know if it right, everytime
I'm with you I feel brand new

Go on and break it down
Break it down for me, yeah yeah
Being the man that I am, I ain't never been through
nothing like this, i really want someone like to you babe
ba babe, cause you make me feel brand new
I really thank yoooooooooooouuuu

[Chorus:]
It just a feeling that you get when you try something
new out
Feeling that you get when ya buying your first house
Dont know if its wrong, dont know if its right, everytime
I'm with you I feel brand new

Buying a fresh pair of shoes when they come out
Finding a special somewhere that you dream about
Dont know if its wrong, dont know if it right, everytime
I'm with you I feel brand new

Ooooooh, I'm gon' pour all my life to you cause, you
make me feel brand new.
