Ooohhh (ohh yeahhh)
Oooooooooohhhh(ohh yeahhhhh)
She always takes me by surprise
It's like my birthday every night
(Yeah yeah yeah yeah)
She's got the cutest little body design
On her back yeah
That booty got ur boy hypnotised

Oh yeahhh

She knows just how to put it on, but man oh man when
she take it off,
I'm saluting like a soldier, she got me hooked, the way
she put it down,
I like it from the front, but I love that
Butterfly tattoo
In the middle of her back
I like it when she works it like that
Butterfly tattoo
It's like taking flight
And imma give it to her all night

She put her hair up
And arched her back
And oooo I love the way she throws it back (yeahhh)
There's nothing that I'd rather do, that watch that
butterfly tattoo
Now throw it back, back, throw it back
Throw it back, back, throw it back
Now throw it back, back, throw it back
Throw it back, I love that butterfly tattoo

I even see it in my dreams at night
And when you wake up, I wake up ready for the right
(Yeah yeah yeah yeah)
Then you take my breath away like the thief in the night
When the sun comes up, and you open your eyes
I'm playing with your hair, you're making me rise

She knows just how to put it on, but man oh man when
she take it off,

I'm saluting like a soldier, she got me hooked, the way
she put it down,
I like it from the front, but I love that
Butterfly tattoo
In the middle of her back
I like it when she works it like that
Butterfly tattoo
It's like taking flight
And imma give it to her all night

She put her hair up
And arched her back
And oooo I love the way she throws it back (yeahhh)
There's nothing that I'd rather do, that watch that

Now throw it back, back, throw it back
Throw it back, back, throw it back
Now throw it back, back, throw it back
Throw it back, I love that butterfly tattoo

I love that butterfly tattoo
Ohhh yeahhhhhhhh
Ohhh yeahhhiooooo
