#### INTRO - Ludacris

Let this be the day that you change ya life  
Let me show you what a day without pain is like  
Let's toast, come close baby I don't bite  
Plus I know you want a man that'll treat you right  
Let this be the day that you change ya life  
Let me show you what a day without pain is like  
Let's toast, come close baby I don't bite  
Plus I know you want a man that'll treat you right  
Come on

#### VERSE 1 - Bobby Valentino

Tell me baby why  
Why you'd wanna hide  
What you feel inside, 'cause I feel it  
Sexy girl you oughta  
Put away ya pride  
'Cause you say I with your eyes  
We can hang out for the weekend  
But for now I wanna know

#### CHORUS

Why you lookin at me like that  
Do you like what you're lookin at  
If you do, what you waitin on  
Let's have a conversation  
I'll find a corner over there  
Lights down, perfect atmosphere  
On the real, I'll make you want me  
Right now, gimme a chance

#### VERSE 2 - Bobby Valentino

I see you whisperin  
Don't you worry about ya friends  
Gotta a little spot, we can go kick it  
Sit back, relax, get you a drink and  
Get to know each other  
Girl let me know whats up  
We can leave up outta this club  
Girl I'm feelin you so bad

## HOOK

I see it in your eyes  
I'm what you fantasize  
You told your girls you wanted to meet  
Someone like me, act like me  
Walk with a swagger  
Little thug in me, but friendly  
Dipped down just the way you like  
Here I am, come and get me (come and get me yeah,  
yeah)

## CHORUS

Why you lookin at me like that  
Do you like what you're lookin at (lookin at)  
If you do, what you waitin on (waitin on)  
Let's have a conversation (we can talk baby)  
I'll find a corner over there (come here)  
Lights down, perfect atmosphere (lemme holla at ya)  
On the real, I'll make you want me (whatever I can do)  
Right now, gimme a chance (I'd do)  
Why you lookin at me like that  
Do you like what you're lookin at (lookin at)  
If you do, what you waitin on  
Let's have a conversation (baby we can talk)  
I'll find a corner over there  
Lights down, perfect atmosphere  
On the real, I'll make you want me  
Right now, gimme a chance (gimme a chance)

## BRIDGE

Don't procrastinate  
Girl don't make me wait  
'Cause this eye to eye thing ain't enough  
I need you over here  
If you make the first move  
I'll even meet you half way  
It's almost too late  
The lights are coming on

## HOOK

I see it in your eyes (yeah)  
I'm what you fantasize (alright)  
You told your girls you wanted to meet  
Someone like me, act like me (just like me)  
Walk with a swagger (yeah yeah)  
Little thug in me, but friendly (alright)  
Dipped down just the way you like  
Here I am, come and get me

## VERSE 3 - Ludacris

You know I see you in the spot just walkin' around solo

You know you see the ice, the Louis Vuitton logo  
Seems you need a man that'll spin you 'round  
Turn you inside out and upside down  
Bet you never had it like that before  
We can take it real slow or your back can blow  
It's whatever, whenever, you make the choice  
And I'ma call you 'Duncan Hines' just keep it moist  
(come and get me)

#### CHORUS

Why you lookin at me like that  
Do you like what you're lookin at (lookin at)  
If you do, what you waitin on (waitin on)  
Let's have a conversation ('sation)  
I'll find a corner over there  
Lights down, perfect atmosphere (come on here baby)  
On the real, I'll make you want me  
Right now, gimme a chance (gimme a chance baby)  
Why you lookin at me like that  
Do you like what you're lookin at (do you like what your  
lookin at baby)  
If you do, what you waitin on  
Let's have a conversation  
I'll find a corner over there (oh yeah)  
Lights down, perfect atmosphere (come on here)  
On the real, I'll make you want me (want me)  
Right now, gimme a chance (right now, gimme a  
chance, baby alright)  
Gimme a chance (give it to me baby)  
(All you gotta do is meet me half way then we can  
holler)  
Gimme a chance  
(It don't matter)  
Gimme a chance (I got somewhere really quiet we can  
go chill at  
Off in the cut baby)
