**(feat. Ludacris)**

*[Ludacris]*

Let this be the day that you change your life  
Let me show you what a day without pain is like  
Lets toast come close baby I don't bite  
Plus I know you want a man that will treat you right [2x]

*[Bobby Valentino]*

Tell me baby why, Why you wanna hide  
What you feel inside, 'cause I feel it  
Sexy girl you ought to  
Put away your pride, 'Cause you say it with your eyes  
We can hang out for the weekend, But for now I wanna  
know

*[Chorus]*

Why you looking at me like that?  
Do you like what your looking at?  
If you do what you waiting on?  
Let's have a conversation  
I can find a corner over there  
Lights down perfect atmosphere  
I'm gonna make you want me, right now  
Give me a chance

I see you whispering, Don't you  
worry 'bout your friends  
Got a little spot we go kick it, Sit back relax get you a  
drink and  
Get to know eachother, Girl let me know whats up  
We can leave up out of this club,  
Girl I'm feeling you so bad

*[Hook]*

I see it in your eyes, I'm what you fantasize  
You told your girls you wanted to me someone like me  
Act like me  
Walk with a swagger, Little thug in me but friendly  
Dipped down just the way you like  
Here I am come and get me

*[Chorus]*

Why you looking at me like that?  
Do you like what your looking at?  
If you do what you waiting on?  
Let's have a conversation  
I can find a corner over there  
Lights down perfect atmosphere

I'm gonna make you want me, right now  
Give me a chance *[2x]*

Don't procrastinate  
Girl don't make me wait  
Cuz this eye to eye just aint enough  
I need you over here  
If you make the first move  
I'll even meet you half way  
It's almost too late  
The lights are coming on

*[Hook]*

I see it in your eyes, I'm what you fantasize  
You told your girls you wanted to me someone like me  
Just like me  
Walk with a swagger, Little thug in me but friendly  
Dipped down just the way you like  
Here I am come and get me

*[Ludacris]*

Yea, you know I see you in the spot just walking around  
solo  
Girl you the ice the Louis Vuitton logo  
Seems you need a man that'll spin you around  
Turn you inside out and unside down  
Bet you never had it like that before  
We can take it real slow or your back can blow  
It's what whatever, whenever  
You make the choice  
And imma call you Ducan Hynes just keep it moist

*[Chorus]*

Why you looking at me like that?  
Do you like what your looking at?  
If you do what you waiting on?  
Let's have a conversation  
I can find a corner over there  
Lights down perfect atmosphere  
I'm gonna make you want me, right now  
Give me a chance *[2x]*

Give me a chance *[3x]*

*[Ludacris]*

Let this be the day that you change your life

Let me show you what a day without pain is like

Lets toast come close baby I don't bite

Plus I know you want a man that will treat you right *[2x]*
