Damn, this is V-tino
Pick up the phone and come home

Never was the one to fall in love
I was just a guy to hit and run
And then I met this special girl
And like a fool I pushed her out my world

I never thought I would be here
Standing here in misery
Should've brushed off all my dirty work
Got Bobby lookin' like a jerk

I should have laid it down
But I messed around and let you down
Things ain't been the same girl, since you been away
girl
Wish you would come back home

All I do is reminisce about you
I wish you were here with me lady
And all day long I day dream about you
I'm missing your loving lady

I can't go on if I can't have you
It's driving me, oh, so crazy
Won't you come home?
Won't you come home?

Home is where you belong, belong, belong, belong,
belong
I got the keys right here for you, baby
Home is where you belong, belong, belong, belong
Home is where your body needs to be, home is where
you belong

You cannot tell me that you don't miss Bobby
You cannot tell me that you don't love Bobby, no more
Baby, come home to where you belong
Home is where you belong

If I could go back in time

I'd make sure that I treat you right
My playing days are all gone
Without you girl I'm so lost

When I reflect on things I did
Girl I was wrong and childish
One more chance is all ask
Trade all of my money just to have you back

I should have laid it down
But I messed around and I let you down
Things ain't been the same girl, since you been away
girl
Wish you would come back home

All I do is reminisce about you
I wish you were here with me lady
And all day long I day dream about you
I'm missing your loving lady

I can't go on if I can't have you
It's driving me, oh, so crazy
Won't you come home?
Won't you come home?

Home is where you belong, belong, belong, belong,
belong
Home is where you belong, belong, belong, belong
Home is where you belong, yeah
Home is where you belong

You cannot tell me that you don't miss Bobby
You cannot tell me that you don't love Bobby, no more
You cannot tell me that you don't miss Bobby
You cannot tell me that you don't love Bobby, no more

Oh, baby, home is where you belong
So come back home baby
Home is where you belong

Everyday I try to reach you
But you won't never take my calls
You got me actin' like I'm crazy
In a room filled with padded walls

I'm trapped now and I need you now
Doctor please heal me now, oh, feel this pain that I'm in
Give me my medicine, give me my medicine
Give me my medicine, give me my medicine
