Yeah, waddup?

It's your boy Bobby V, yeah, I'm back girl

If I had my way, if I had my way it would be you and me
DTP for real, Dark Child, let's make it happen, Bobby V,
lets go

If I had my way

Slowly we both regret our oaths

To somehow be faithful but we both know
That we're missing out on love

And we feel it when we see each other

And we're with the ones we don't love

Girl you know, I know

The way we feel ain't gonna change

If I had my way

She wouldn't be with me

He wouldn't be with you

It would be you and me

If I had my way

You would give into me

And you'd be here next to me

And you would tell him to leave

If I had my way

It's so crucial, we're always [Incomprehensible]
together

It's always been [Incomprehensible]

That you got yourself a man and I got myself a friend

We both know that if we act on this

How far will it go? You know, I know

The way we feel ain't gonna change, oh, girl

If I had my way

She wouldn't be with me

He wouldn't be with you

It would be you and me

If I had my way

You would give into me

You'd be here next to me

And you would tell him to leave
If I had my way

Baby, you know this feels so right, you and I
And we know that the time is right for us to shine
I'mma tell my girl that she's gotta bounce, baby
And you gone tell your man he needs to be out, oh

If I had my way
She wouldn't be with me
He wouldn't be with you
It would be you and me

If I had my way
You would give into me
You'd be here next to me
You would tell him to leave
If I had my way

If I had my way
She wouldn't be with me
He wouldn't be with you
It would be you and me

If I had my way
You would give into me
You'd be here next to me
You would tell him to leave

If I had my way
My way, my way
My way, my way
My way, my way
My way, my way
(If I had my way)

My way, my way
My way, my way
My way, my way
My way, my way
(If I had my way)
